### December 2023

To: Honorable Mayor, City Council, Residents, and Staff

For your consideration is the 2024 City of Montgomery budget covering all the revenue and expenditures for the City of Montgomery as adopted by the Council following the Truth - in - Taxation meeting held December 4, 2023.

This document represents work by the Council and Staff beginning in July. The Council continues to make progress toward building a long-range financial plan based on these community priorities:

- 1. Continued improvement to city streets.
- 2. Improve aging city parks.
- 3. Develop and implement plans to address aging city facilities.
- 4. Public Safety.
- 5. Improve the financial status of the City.

### **Funding Priorities**

### **Street Improvements**

The Council continues to make progress on street improvements. A multi-year improvement plan was adopted by the council, and two major projects have been completed. To help ensure there are funds for ongoing maintenance as part of the plan, the council plans for annual transfers to the street improvement fund from the general fund. In addition to these planned transfers, the state approved ongoing funding to the small cities street account in 2023, and this should provide additional funding to help support ongoing maintenance of the city's infrastructure.

Since the inception of the improvement fund, over \$1,000,000 has been transferred and over \$800,000 has been expended on street projects using the improvement funds. The budget calls for \$75,000 to be transferred to this fund in 2024. This will be supplemented with state funding through the small cities street account. Residual funds from bonding for street projects may also be allocated to the street improvement fund following close out of the projects.

### **Improve Parks**

The Park Advisory Board approved a three (3) year improvement plan to address the aging park facilities. In the past few years, several improvement projects were undertaken, including ball field improvements, a new hockey rink with lighting, tennis court rehabilitation with pickle ball, and a new playground structure all at Northside Park. The two shelters at Memorial Park were updated, and several improvements were made to Memorial Field.

To accomplish these projects, the council created a park improvement fund. The 2024 budget allocates \$100,000 to the park improvement fund. This follows a \$100,000 allocation in 2023.

The fund is used to complete improvements, enhancements, and expansions of the City's parks. Plans for 2024 include improvements to the band shell at Memorial Park, new backstop netting for Memorial Field, shelter improvements at Northside, and a possible archery range. A grant was received from the DNR for the removal and replacement of Ash trees in Memorial and Northside Parks.

### City Facilities

The Council continues to make progress on improvements to the city's aging buildings. A new police facility was constructed in and opened in 2023, and improvements were made to city hall to provide accommodations for ambulance staff who stay at the facility during their shift. These improvements include small sleeping rooms, a small day room, and a bath facility with shower and laundry facilities. The Council continues to make plans for the ongoing improvements to these facilities to meet the service needs of the community.

### **Public Safety**

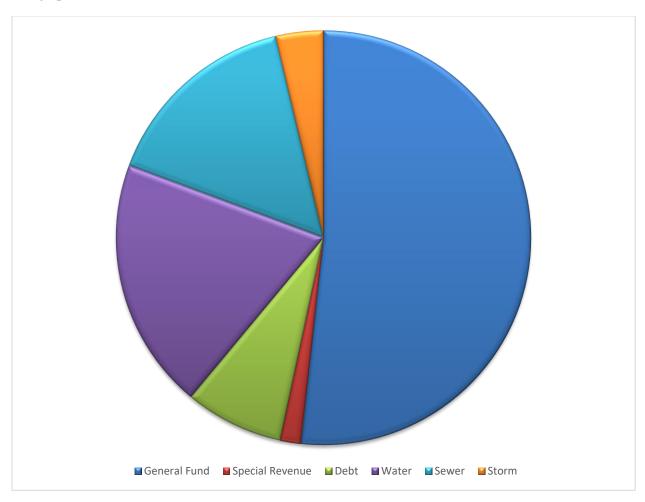

Public safety entails police, fire, ambulance, and infrastructure. The Council is committed to supporting the departments providing public safety to the community. This also includes ensuring streets, parks, and trails remain safe.

# **2024 BUDGET**

# **REVENUES**

Total revenue for 2024 is set at \$6,756,788. 51.7% of the revenue goes to support general fund operations, 39% will go to support utility fund operations. The remining 9.3% supports the various other funds.

The graph below shows the revenue distribution.

The table below shows the change in revenue from 2023 to 2024.

	2023	2024	
FUND	Budget	Budget	Difference
General	\$ 3,075,	110 \$ 3,480,317	\$ 405,207
All Other	\$848,	386 \$ 628,484	(\$219,902)
Enterprise	\$ 2,511,5	\$ 2,632,500	\$ 121,000
Total	\$ 6,434,9	996 \$ 6,741,301	\$ 306,305

Changes to the General Fund are the result of the following:

- ➤ General Levy the general levy is set to increase 13.77% or \$258,288 over the 2023 levy. The past couple of years has seen inflation well over 5%, which in turn, has affected the city's budget and levy.
- The tax rate is estimated to increase by 1.4% to 64.215%.
- Water, sewer, and stormwater rates will remain unchanged for 2024.
- ➤ General Local Government Aid will increase by \$140,206.

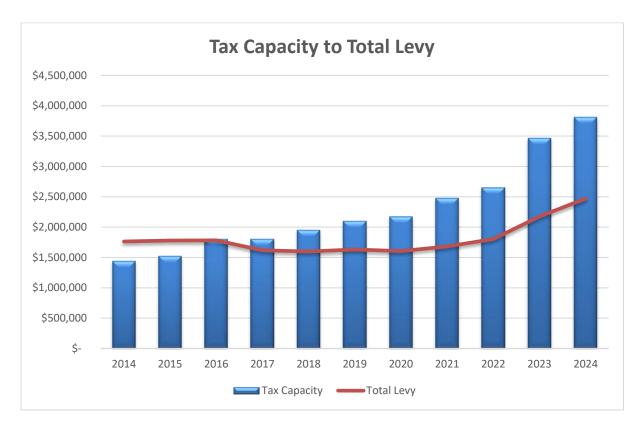

### General Fund Levy

The General Fund is supported primarily through the property tax levy. The 2024 levy will increase \$258,288 over the 2023 levy. Since 2014, the levy has risen 63% or 5.72% per year. The total levy — general and debt combined decreased for several years, until 2022, when the total levy increased by \$12,167 over the 2014 total levy. The total levy will continue to grow over the next several years as the city completes street and utility projects and other improvements that will require the issuance of debt.

The city's tax rate has also been decreasing over the past 10 or so years going from 124.266% in 2014 to an estimated 64.215 2024. The drop in the tax rate is associated with several factors, including lower debt, new construction, and increase in property valuations.

The graph below shows the relationship between the general fund levy and debt levy. Beginning in 2023, the city's debt levy will begin to increase as bond payments related to street reconstruction and facility improvement projects are added to the debt levy.

The above graph is another illustration of tax rate. In 2014, the city's total levy exceeded the total tax capacity, which is a representation of taxable property value in the community.

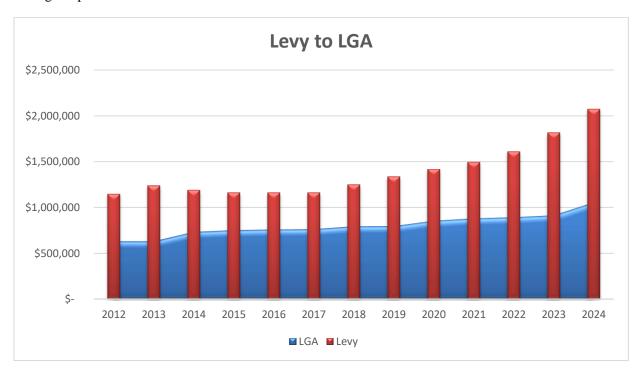

### State Aid

The city receives general state aid (Local Government Aid) and dedicated aid for the police and fire departments. The fire aid goes to support the firefighter's pension, whereas the police aid is general purpose. Total general state aid (LGA) for 2024 is planned to increase by roughly \$140,206 from \$910,224 to \$1,050,450. There is always concern regarding the status of LGA. The legislature increased the amount allocated to LGA in 2023 and altered the formula, however, if there are state fiscal issues in the future, one target to help the state out of a revenue shortfall is reductions to LGA.

The Council is allocating \$310,000 for transfers to the street, park, equipment, and facility funds. The remaining balance goes to cover general operations. In general, public safety is the recipient of the bulk of LGA dollars, where a department like planning and zoning has a proportionally lower allocation due to the department's revenue from permit fees.

The above graph does not include training aid received by the police and fire, or street aid the city receives, as we have not received this reimbursement consistently. It is not anticipated that the allocation for local government aid will increase much over the next several years. However, we do anticipate increases in aid for streets. The information above does not include the significant aid the city received during the pandemic in the form of CARES and ARPA funds.

The ratio of LGA to total revenue has been declining somewhat over the past several years as can be seen in the graph on the previous page. In 2012, LGA was about 35%; now, it's just under 33%.

### Special Revenue

Special Revenue funds are projected to decrease from 2023. The main factor is the end of ARPA funds.

### Debt Service

The debt levy will increase slightly from 2023. The table below shows the status of outstanding bonds.

<b>BOND ISSUE</b>	PRINCIPLE	<b>MATURITY</b>	LAST LEVY YEAR
2012A	\$330,000	2026	2020
2015A STREET	\$982,900	2031	2030
2021A	\$2,655,000	2037	2036
2022A	\$2,615,000	2033	2032
2023A	\$4,750,000	2039	2038
TOTAL	\$9,332,900		

### Capital Improvement Funds

The City has four dedicated capital improvement funds – streets, parks, equipment, and municipal facilities. There is another fund, 401-General Capital Fund, which isn't currently in use, and has carried a significant deficit since about 2005. The council has a goal of eliminating this deficit by 2025. Doing so should help the city's overall financial condition and assist in ensuring the city's bond rating remains stable, or possibly increase.

Funding is supported mainly through transfers from the general fund. The street fund also receives revenue from special assessments and small cities street aid, which the legislature provided ongoing funding to in the 2023 session. Funds should start to flow to the city in 2025, with annual increases in amounts thereafter.

- **421 Street Fund.** The fund is dedicated to covering the cost of general maintenance including seal coating and mill and overlay projects. Seal coating projects do not result in a special assessment and are paid with cash on hand. Mill and overlay projects are covered with cash on hand and supported through special assessments. Most other rehabilitation projects are paid for through the issuance of debt and supported by special assessments, annual levy, and existing dollars in the fund when available.
- **422 Park Fund.** The fund is dedicated to covering the expenses of improving and expanding city parks. Funding comes from general fund transfers, park dedication fees, and grants.
- **423 Equipment Fund.** This fund covers the replacement of major equipment such as squad cars, pickup trucks, snowplow trucks, mowers, tractors, and such. Starting in 2021, the city began leasing squad cars and will be looking at leasing other equipment where it makes sense financially.
- **424 Municipal Facilities Fund.** The fund covers needed and necessary maintenance and improvements to the city's buildings and building components.

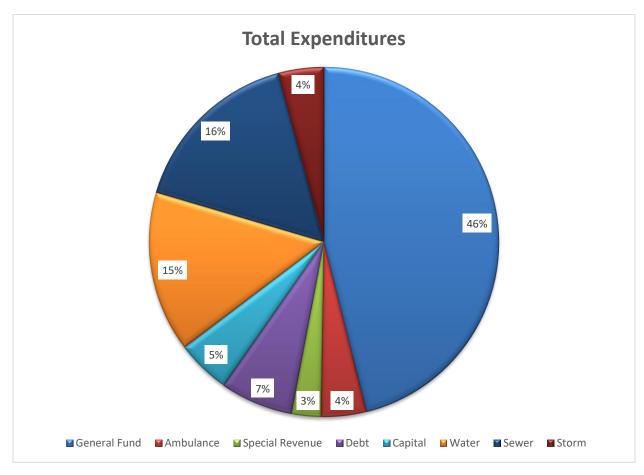

**Public Safety Fund** – the council created this fund in 2023 to hold the one-time state aid programmed specifically for public safety related activities. The funds will be held in this fund until the council determines an appropriate use for the funds.

The table below shows where the funds are anticipated to be at the end of 2024.

FUND	ESTIMATED 12/31/23	2024 REVENUE	2024 EXPENDITURE	ESTIMATED 2024 BALANCE
<b>401 FUND</b>	(\$219,600.67)	\$219,600.67	\$0.00	\$0.00
STREET FUND	\$863,414	\$100,000	\$150,000	\$813,414
PARK FUND	\$81,456	\$209,000	\$179,000	\$111,456
EQUIPMENT FUND	\$33,717	\$95,000	\$70,000	\$58,717
MUNICIPAL FACILITIES	\$223,361	\$40,000	\$40,000	\$233,361
PUBLIC SAFETY	\$147,735	\$0.00	\$TBD	\$TBD
TOTAL	\$1,130,082	\$663,600.67	\$439,000	\$1,216,948

### **EXPENDITURES**

Total budgeted expenditures for 2024 are 7,584,746. This is a decrease of \$494,675 from 2023. The majority of the decrease is due to some major utility bonds dropping off, ambulance purchases, and reductions in capital from prior years.

The table below provides further illustration to the changes in expenditure in the city budget.

FUND	2023 Budget		20	)24 Budget	Difference	
General	\$	3,081,592	\$	3,480,317	\$	398,725
Ambulance	\$	647,902	\$	316,991	(\$	330,991)
Special	\$	440,475	\$	204,975	(\$	235,500)
Debt	\$	508,193	\$	509,812	(\$	1,619)
Capital	\$	731,123	\$	378,500	(\$	352,623)
Enterprise	\$	2,670,136	\$	2,757,135	\$	86,999
Total	\$	8,079,421	\$	7,647,730	(\$	435,009)

Overall, the Council adopted a sound budget that continues to focus on the programs and priorities desired by the residents, while being sensitive to the impact the cost these services have on residents through taxes and assessments.

The rest of this document will present the funds in detail.

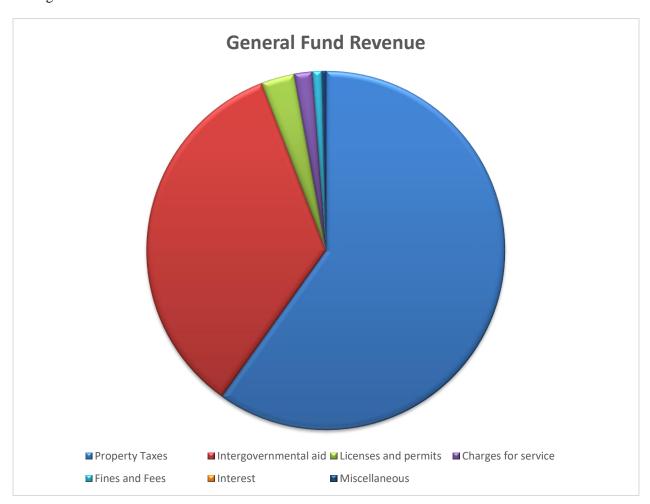

Brian W. Heck, City Administrator/Zoning Administrator

# General Fund

The General Fund is the city's primary fund and supports the following departments:

- General Government (Council, Elections, Administration, Planning and Zoning)
- Public Safety (Police and Fire)
- Public Works (streets and snow and ice control)
- Cultural and Recreation (Parks, Recreation and Library), and
- Other (Unallocated and transfers).

Revenue comes primarily from property taxes and Intergovernmental aid. The graph below illustrates the 2024 general fund revenue.

City services are dependent on property taxes and intergovernmental aid. These two revenue sources make up 94% of total general operating funds.

Continued reliance on local government aid (LGA) for general operations puts the city at risk should there be a change in the state's financial condition or in the formula used to determine the allocation of local

government aid. A reduction in local government aid means a proportional increase in the levy, a reduction in services, or both.

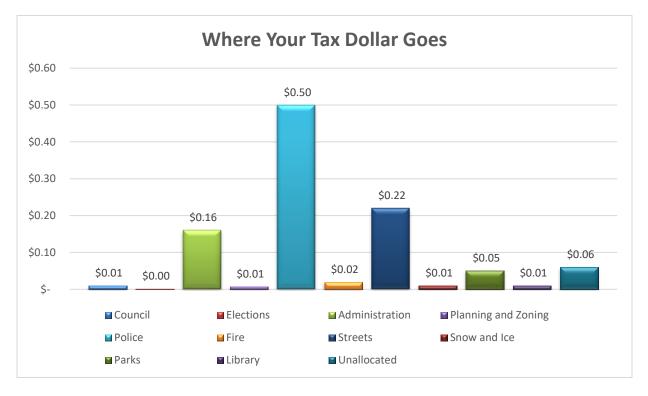

The city will continue to look at ways to lower its reliance on general local government aid.

The table below shows the history of general fund revenue over the past three years.

Revenue Source	2021 Actual	2022 Actual	2023 Budget	2024 Budget
Property taxes	\$1,272,726	\$1,618,860	\$1,833,666	\$2,059,467
Assessments/other taxes	\$0.00	\$0.00	\$0.00	\$0.00
Intergovernmental	\$926,385	\$1,025,410	\$1,046,111	\$1,200,450
Licenses and permits	\$164,211	\$115,894	\$104,450	\$104,450
<b>Charges for Service</b>	\$38,246	\$62,899	\$56,500	\$56,700
Fines and Fees	\$20,322	\$27,668	\$25,500	\$29,000
Other	\$49,180	\$51,715	\$12,250	\$12,250
Interest	\$9,697	\$1,414	\$1,000	\$1,000
Total	2,480,767	2,559,224	\$3,075,110	\$3,480,317

Revenue is planned to increase 13% over 2023. The increase is attributable to the increase in levy and in intergovernmental aid.

Expenditures are projected to be \$3,480,317, a 12.94% increase over 2023. Below is a rough estimate of where your levy dollars are allocated.

The table below provides a comparison to the actual 2020, 2021, 2022, current 2023 and 2024 budget. The bulk of the city's general fund expense is associated with Public Safety at 45.6%.

	2020 Actual	2021 Actual	2022 Actual	2023 Estimate*	2024 Budget
General Government	\$ 636,455	\$ 536,606	\$ 601,092	\$ 665,086	\$ 696,351
<b>Public Safety</b>	\$ 1,117,335	\$ 1,129,802	\$ 1,343,229	\$ 1,492,950	\$ 1,592,742
Streets and Highway	\$ 557,851	\$ 420,694	\$ 464,187	\$ 517,447	\$ 555,202
Culture and Recreation	\$ 73,005	\$ 134,981	\$ 178,742	\$ 218,750	\$ 206,828
Miscellaneous	\$ 32,579	\$ 100,517	\$ 93,175	\$ 94,033	\$ 134,682
<b>Captial Outlay</b>	\$ 85,454	\$ 31,728	\$ 69,893	\$ -	\$ -
Operating Transfers	\$ 372,389	\$ 436,000	\$ 345,000	\$ 195,000	\$ 310,000
Total	\$ 2,875,068	\$ 2,790,328	\$ 3,095,318	\$ 3,186,266	\$ 3,495,805

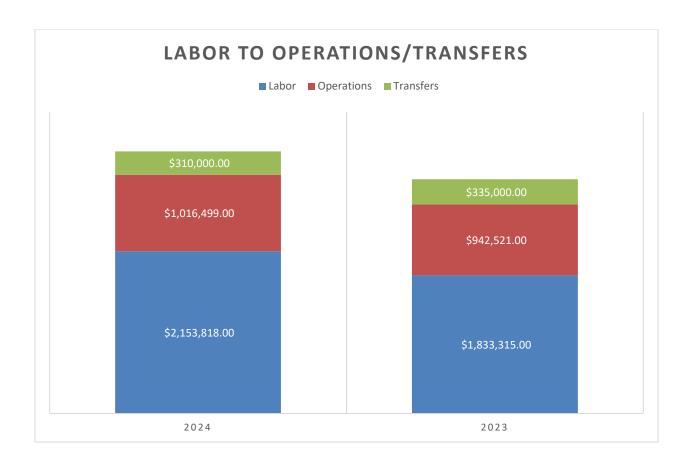

<sup>\*</sup>Note: based on unaudited expenditures through November. Transfers significantly less due to reallocation of other resources to streets and facilities.

**Labor**There are 18 Full-Time Equivalent (FTE) positions funded by the General Fund as shown in the table below:

Department	2023 Authorized Staff	2024 Authorized Staff
Administration	4	4
Planning and Zoning	1	1
HRA Contract	0	0
Police	8	8
Ambulance	2	2
Public Works	3	3
Total	18	18

Labor continues to be the largest portion of the overall budget. Salaries and benefits were adjusted at the end of 2022 due to the significant increase in inflation, and to keep our compensation commensurate with the surrounding market.

Labor accounts for just over 61% of the total general fund budget, whereas operations are roughly 30%.

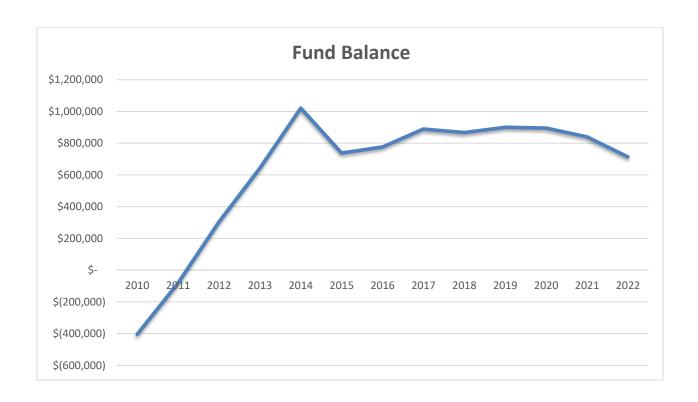

# **Operating Reserves**

Maintaining an operating reserve or "Fund Balance" is necessary to ensure the City has adequate resources to cover its obligations between the tax and aid distributions in May & July and October & December. As a result, the city needs at least 6 months operating cash to cover its obligations. In addition to having operating cash on hand between tax and aid distributions, there are times when unexpected and unbudgeted expenses arise. Adequate reserves allow the city to cover these unexpected expenses.

The city council continues to focus on building and maintaining a solid undesignated General Fund Reserve. Over the past several years, some of the "reserves" have been "designated" or "assigned" by the council to use for specific purposes – streets, parks, facilities, and equipment. These funds can, if necessary, be allocated by the Council to cover general operations should the need arise.

The policy and goal of the council is to have an undesignated general fund reserve of between 45% and 50% of the next years' operating budget, less transfers. As of the end of 2022, the general fund undesignated reserve was 26%, well below the target amount.

The council has intentionally planned to begin increasing the general fund undesignated reserve as part of the 2024 budget.

The graph above shows the total fund balance including the assigned improvement funds (streets, equipment, parks, and facilities). Overall, the city continues to maintain a reasonable cash balance, however a large amount of the balance is assigned improvement funds.

<sup>\*</sup>NOTE: 2023 is based on unaudited financials.

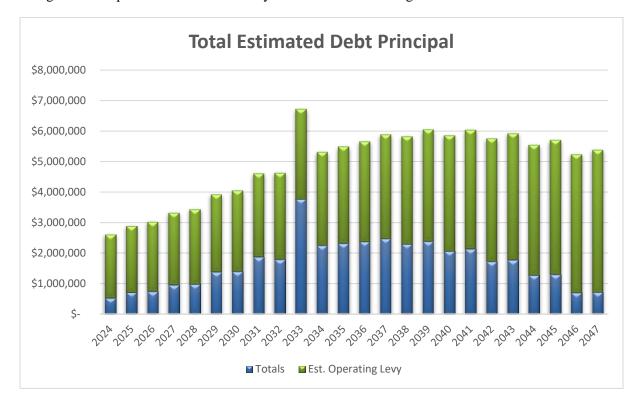

### **GENERAL LEVY SUPPORTED DEBT**

The table below shows the debt supported by the general levy.

	1/1/24		
	PRINCIPLE		
BOND ISSUE/DEBT	BALANCE	MATURITY	LAST LEVY YEAR
2012A	\$330,000	2026	2020
2015A	\$982,900	2031	2030
2021A	\$2,655,000	2037	2036
2022A	\$2,615,000	2032	2031
2023A	\$4,750,000	2039	2038
FUND 401	\$0.00		
TOTAL	\$9,332,900		

The Council adopted a plan to rehabilitate the streets and two of the planned projects have been completed. The plan calls for a major street project every other year, starting in 2021 and ending in 2033. This ambitious plan has a significant price tag of over \$40,000,000. The method of paying for these projects is bonding using special assessment authority. The below illustrates the estimated impact of these projects. Reflected in the graph is the general revenue supported principal payments only and does not reflect interest payments. The amounts were increased by 10% for each bond cycle. Note this does not include possible refunding of any bonds throughout the term to achieve better interest rates.

The green bar represents an estimated levy based on a 3% annual growth rate.

# ENTERPRISE SUPPORTED DEBT

It is important to show the debt obligation for Enterprise Funds because this debt is backed by the general property tax should revenue from rates not be enough to cover the debt. The table below shows the debt covered by the Water, Sewer, and Stormwater Funds.

WATER FUND	Prii	1/1/24 ncipal Balance	Maturity Date
2010A	\$	172,800	2026
2012 A Refunding	\$	185,000	2026
2016A Refunding (2009A)	\$	1,620,000	2029
2017A Refunding (2006B)	\$	570,850	2028
2021A	\$	765,000	2037
2023A	\$	910,000	2039
TOTAL	\$	2,458,650	

SEWER FUND	1/1/24 Principal Balance		Maturity Date
2010A	\$	7,200	2026
2015A 5 <sup>th</sup> Street	\$	293,000	2031
2016A Refunding (2009A)	\$	50,000	2029
2017A Refunding (2006B)	\$	594,150	2028
2021A	\$	330,000	2037
2023A	\$	770,000	2039
TOTAL	\$	1,757,200	

STORM WATER FUND	1/1. Principal		Maturity Date
2021A	\$	780,000	2037
TOTAL	\$	780,000	

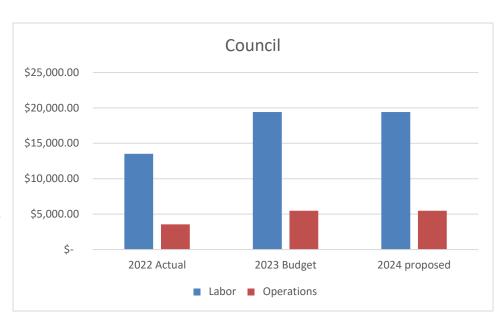

The total principal debt obligation for the city (general fund and enterprise funds) is \$18,398,000 which works out to be roughly \$5,444 per capita.

The following pages detail each department's revenue and expenditures in the General Fund.

# **Mayor and Council**

### **Purpose**

The City council consists of a mayor and four (4) council members elected at large. The mayor serves a two (2) year term and council members serve staggered four (4) year terms. The Council establishes overall policy and adopts the annual budget based on policy priorities. The City Council hires staff and contractors to carry out the established policies and plans.

### **Budget Summary**

	2023 Budget	2024 Adopted
Council		
E 101-41110-100 Wages and Salaries	\$ 17,700	\$ 17,700

Total Council	\$ 24,723	\$ 23,423

### **Significant Changes**

There are no significant changes in the 2024 budget.

# **Elections**

### **Purpose**

This function is established to ensure elections are carried out in the manner prescribed by law. The city holds even year elections with the positions of Mayor and 2 members of Council up for election in 2024 along with both state and federal elections, including primaries.

	2023		2024	1
E 101-41410-100 Wages and Salaries	\$	10,214	\$	13,914
E 101-41410-102 Wages and Salaries	\$	-	\$	146
E 101-41410-121 PERA	\$	766	\$	805

E 101-41410-430 Miscellaneous (GENERAL)	\$	1,200	\$	6,500
Total Elections	\$	18.306	\$	26,654

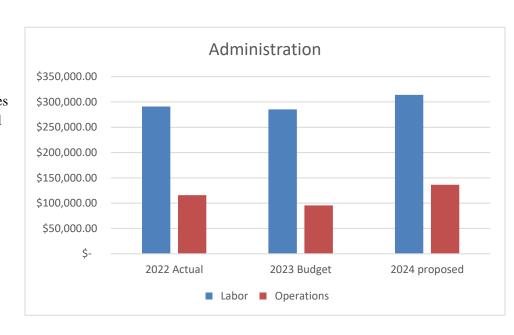

### **Significant Changes**

2024 will have three elections, a federal primary, a general primary, and a general that will include mayor and council seats.

### **Administration**

### **Purpose**

The administration department implements council policy, manages the city's finances, and oversees all city functions. Administration consists of the following positions: City Administrator, City Clerk / Treasurer, Billing / AP Clerk, and administrative assistant. The Administrator is appointed by the Council. All other staff are appointed by the Council on the recommendation of the Administrator.

### **Budget Summary**

# **Significant Changes**

The major change from 2023 is the addition of a contingency. The contingency fund is a planned increase to the fund balance. Use of the contingency requires a recommendation from the Administrator and approval of the Council. The other addition is an allocation to upgrade council devices.

# **Planning & Zoning**

### **Purpose**

The purpose of the planning and zoning is to ensure organized and planned development of the city by designating land use, establishing rules and regulations regarding land use, evaluating conditional use permits, reviewing building projects and developments in commercial and

industrial districts, administering the subdivision code, and reviewing variance requests. The Planning & Zoning Commission is made up of five citizens appointed by the Council. They review and recommend changes in land use, applications for conditional uses and variances to council. The planning & zoning function is overseen by the city administrator, who serves as the zoning administrator, and a full-time planner.

### **Significant Changes**

There are no significant changes to the planning and zoning budget for 2024.

# Police Purpose

The police department is charged with providing residents and visitors a safe and secure environment as expressed in the department's mission statement "The Montgomery Police Department, through teamwork and cooperation, will be responsive to our citizens' needs with a professional level of dedicated service.

Officers will display the highest ethics and integrity and regard each citizen with a focused and unbiased attitude. Our citizens will determine our success." This is accomplished through enforcement of federal, state, and local laws by conducting routine patrols, engaging citizens, and sponsoring crime prevention activities.

### **Significant Changes**

The department moved into a new facility in the summer of 2023. Full costs for heating, cooling, electrical, etc. will be monitored and re-evaluated for future budgets. All but one vehicle is leased, moving to a totally leased fleet should reduce equipment repair and maintenance in the future.

Fire Purpose

The fire department provides fire suppression and prevention education for the City of Montgomery, Montgomery Township, and parts of Lanesburgh Township. The department also assists police and ambulance with rescue activities at accident scenes and

responds to medicals.

# **Significant Changes**

Over the next few years, there could be a number of retirements. This may impact the relief association pension as well as staffing. There is also an increase in the hourly rate for calls and training, and new equipment will be on the near horizon.

### **Public Works**

### **Purpose**

The General Fund supported functions of Public Works includes streets, parks, sidewalks, trails, and facilities. Three staff are generally assigned to manage these functions with assistance from the two assigned to the water, wastewater, and storm water operations. The chart to the right includes snow and ice operations.

# **Significant Changes**

There are no significant changes to the 2024 budget.

### **Parks and Recreation**

### **Purpose**

This department provides for the development and maintenance of space dedicated for recreational activities of all types from passive open space to active space with playgrounds and athletic fields. The public works department is charged with ensuring facilities and equipment is clean and well maintained.

### Significant Changes

The Park Advisor Board continues to make improvements to the park infrastructure. For 2024, the plan is to begin the process of replacing and expanding the playground at Memorial Park, removal and replacement of about 109 Ash trees (contingent on successful grant application), expanding the Music in the Park program, improvements to shelters, and starting improvements to the band shell. The board has prepared and had a three-year improvement plan approved.

# Library

### **Purpose**

The city is responsible for providing and maintaining the building for the County Library system to deliver library services. These services include lending books and audio/visual material, reading programs, and other programs for youth and adults. It also provides a location to

access computers and the internet for those who do not have access.

# **Budget Summary**

### **Expense**

LIBRARY	20.	23 Budget	20	024 Budget
E 101-45500-200 Office Supplies	\$	100	\$	100
E 101-45500-210 Operating Supplies	\$	275	\$	275

Total Library	\$	22,675	<b>\$</b>	25,975

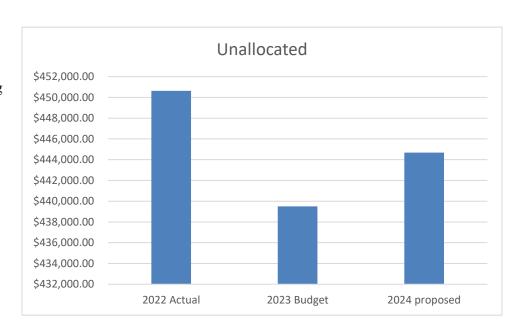

### **Significant Changes**

Contractual services were bumped up to accommodate the maintenance contract for the HVAC system and library cleaning.

### **Unallocated**

### **Purpose**

The Unallocated account contains expenditures benefiting all departments. An example is the safety program; rather than attempt to allocate this cost to each account in the General Fund; it is expensed from the unallocated account.

### **Expense**

UNALLOCATED	202	23 Budget	2024 Budget
E-101-49200-200 Office Supplies	\$	5,000	\$ 5,000
E 101-49200-313 Safety Program	\$	4,500	\$ 5,000
E 101-49200-360 Insurance (GENERAL)	\$	77,500	\$ 80,000
E 101-49200-433 Dues and Subscriptions	\$	8,000	\$ 8,000

E 101-42900-490 SMIF/SBDC	\$ 2,000	\$ 2,000
E 101-49200-720 Operating Transfers	\$ 335,000	\$ 310,000
Street Improvement Fund	\$ 100,000	\$ 75,000
Park Improvement Fund	\$ 100,000	\$ 100,000
Equipment Replacement Fund	\$ 95,000	\$ 95,000
Facilities Fund	\$ 40,000	\$ 40,000
Total Unallocated	\$ 439,500	\$ 444,682

# **Significant Changes**

Allocations to the different improvement funds has been adjusted to reflect priorities and additional funding that is anticipated to be received from the state for street maintenance activities.

# Special Revenue Funds

# **Purpose**

Special Revenue Funds are those where revenue is for a specific purpose. What makes special revenue different from an enterprise is that revenue for an Enterprise Fund comes from charges for service where the revenue for special revenue could come from franchise fees, grants, service fees, or a combination of sources. Dollars left in these Funds remain with the Fund and do not roll into the General Fund.

Department	Type of activity	Comments
Ambulance	Operational/Enterprise	Covers the operational costs of the ambulance service
Fire Equipment Fund	Capital Improvement	Covers the cost of equipment used by the Fire Department
<b>Economic Development Authority</b>	Loans & Grants	Funds for the EDA revolving loan program
Police Forfeit Fund	Public Safety	Funds are statutorily limited in how they can be spent and funds come from sale of forfeited property.
Technology Fund	Capital/Operational	Covers costs associated with city's technology enhancements.
REV Grant (SMIF)	Grant	Grant fund to cover expenses related to the city's Rural Entrepreneur Venture program
Memorial Stadium	Capital improvement/Maintenance	Covers the costs for improvements to Memorial Stadium
Assisted Living TIF	TIF/Loan	Services the bonds for Traditions
Medical Center TIF	TIF/Loan	Services the bonds for the medical center
Crime Prevention	Safety education	Funds are generated through grants and donations. Used to hold safety education programs at the schools

The balance available in each of these funds is shown in the table below.

Department	Est 12/31/23	2024 Est	2024 Est	Est. Balance
	Balance	Revenue	<b>Expenses</b>	12/31/24
Ambulance	(\$8,902.97)	\$226,594	\$316,991	(\$99,299.97)

<b>Medical Center TIF</b>	\$4,334.14	\$10,000	\$10,000	\$4,334.14
<b>Crime Prevention</b>	\$1,484	\$1,000	\$1,000	\$1,484

<sup>\*</sup>NOTE: This fund may be used to cover initial costs associated with acquiring a new fire truck in 2024.

The following pages detail each of the Special Revenue funds

# **Fire Equipment Fund**

### **Purpose**

The fire equipment fund provides support for the fire department's capital and other equipment purchases. The department used this fund to purchase new turnout gear, SCBA gear, and a replacement rescue truck. The 2024 budget includes a \$20,000 transfer from the general. Other revenue for this fund comes from charitable gambling.

### Revenue

FUND 203 FIRE TRUCK FUND	2023 Budget	2024 Budget

FUND 203 TOTAL	\$156,400	\$21,400	

### **Significant Changes**

The department is in the process of evaluating a new engine, and discussions on a new facility are also underway. The cost of a new engine could exceed \$1,000,000.

### **Ambulance Service**

### **Purpose**

The ambulance service provides basic life support emergency care to residents of Montgomery and surrounding areas. The service is staffed by two full-time EMT's and approximately 25 on-call paid volunteers. The service averages 300 patient contacts per year.

Total	\$	607,942	<i>\$</i>	316,991

The department has two full-time EMT's and is purchasing a new rig that should be delivered in 2024. The new rig will be financed via a loan through MVEC and the USDA. Payments will be over 10-years at zero percent interest. Run rates continue to be adjusted in an effort to fund the operation.

# **Economic Development Authority**

#### **Purpose**

The Economic Development Authority (EDA) was established to develop and administer programs aimed at strengthening the business climate and expanding the tax base in the City of Montgomery. These activities include, but are not limited to, offering recommendations regarding business subsidies, preparing marketing plans, acquiring property for development and to attract, retain and assist current businesses expand their operations.

Funding for the EDA's loan program is generated through the sale of property, allocations from the General Fund, and interest on outstanding loans. At some point, the city will need to consider a funding mechanism for the EDA as there is a limited amount of land owned by the city.

#### **Budget Summary**

#### Revenue

FUND 205 EDA LOAN FUND		023 Budget	20	024 Budget
R 205-49300-36210 Interest Earnings	\$	-	\$	-
R 205-49300-36220 Loan repayments	\$	2,500	\$	10,000
R 205-49300-39101 Sales of General Fixed	\$	150,000	\$	-
R 205-49300-39200 Inter-fund Operating	\$	-	\$	-
FUND 205 EDA LOAN FUND	\$	152,500	\$	10,000

FUND 205 EDA LOAN FUND	2023 Actual	2024 Budget
E-205-46500-208 Training and Instruction	\$ 500	\$ -
E 205-46500-304 Legal Fees	\$ 2,000	\$ 2,000
E 205-465000-310 Other Professional Services	\$ 4,000	\$ 4,000
E-205-46500-331 Milage	\$ 150	\$ 150
E-205-46500-433 Dues and Subscriptions	\$ 300	\$ 300
E 205-46500-440 Contractual Services	\$ 10,000	\$ 10,000
E 205-49300-494 Loans made	\$ 25,000	\$ 25,000
E 205-49300-510 Land	\$ -	\$ -
E 205-46500-821 Property Taxes	\$ 1,500	\$ 1,500
FUND 205 EDA LOAN FUND	\$ 43,450	\$ 42,950

The EDA has three (3) loans totaling about \$100,000. There are two parcels of land left which the EDA can market, however, one is being considered for a municipal facility. In addition, a new "sub-committee" was established in late 2023, the purpose of which is to continue the efforts of the Rural Entrepreneur Venture Program.

# **Technology**

#### **Purpose**

This fund will cover the city's technology improvements and activities, including, but not limited to, annual maintenance for software, application upgrades, internet connections, video production, cable station maintenance, and the like. Funding comes from a franchise fee assessed to Cable subscribers.

#### **Budget Summary**

#### Revenue

FUND 217 COMMUNICATIONS	2023 Budget		2024 Budget	
R 217-41500-32181 T.V. Franchise	\$	20,000	\$	20,000
FUND 217 COMMUNICATIONS	\$	20,000	\$	20,000

#### **Expense**

	2023 Budget	2024 Budget
E 217-41500-207 Computer Services	\$ 35,000	\$ 35,000
E 217-41500-309 Software	\$ 15,000	\$ 10,000
E 217-41500-440 Contractual Services	\$ 5,000	\$ 2,500
FUND 217 COMMUNICATIONS	\$ 55,000	\$ 47,500

## **Significant Changes**

The fund being supported by franchise fees will become an issue overtime as more households discontinue subscribing to cable television and using on-line streaming services such as Amazon, Hulu, Sling, Netflix, and the like, for their video content. As a result, the city may need to reintegrate computer services in the general fund budget or find another revenue source.

# Rural Entrepreneur Venture (REV) Grant

#### **Purpose**

The REV Grant was awarded in 2020 in the amount of \$7,500, paid out over three (3) years in \$2,500 annual installments. The work of the REV Core team and its subcommittees will continue as an arm of the EDA. The last installment of the grant was received in 2023 so there is no budget planned or anticipated for 2024 and beyond. This committee has transitioned to become a sub-committee of the EDA.

## **Tax Increment Finance Funds**

#### **Purpose**

The city helped Traditions of Montgomery and the Medical Clinic develop their sites through the use of Tax Increment Finance (TIF) and the sale of bonds. The proceeds from the TIF district are used by the two entities to cover a portion of the annual principle, and interest payment on the bonds. When the district expires, the full property tax will be paid to the City, School, and County. This district runs 21-years or until a specified amount has been paid to the developers in accordance with the Agreement.

# **Debt Service Funds**

# **Purpose**

Debt Service Funds hold proceeds from bonds the city sells to finance large projects such as road construction and buildings. Revenue from special assessment, interest, tax levy, etc., is placed in the debt service fund. Annual principal and interest payments are then made from the specific debt service fund.

## **General Fund Debt**

The table below outlines current debt supported by the General Fund as well as the amount due in 2024, the principal balance remaining 12/31/24, and maturity date for the debt.

Fund	2024 Principal Payment	2024 Interest Payment	2024 Total	12/31/24 Principal Balance	Maturity
326 – 2012A	\$145,000	\$8,752	\$153,752	\$185,000	2026
327 - 2015A*	\$115,600	\$25,557.82	\$141,157.82	\$867,300	2031
328 - 2021A	\$170,000	\$43,417.50	\$213417.50	\$2,480,000	2037
329 - 2023A	\$	\$75,460.76	\$75,460.76	\$3,070,000	2039
330 + -2022A	\$95,000	\$86,683	181,683	\$2,478,000	2033
Total	\$525,600	\$239,871.08	\$765,471.08	\$9,515,900	

<sup>\*</sup>Note – includes the water share of the bond amounting to \$39,910.

If cash is available, the 2012A refunding bond could be retired early, saving a small amount of interest and making room for new principal payments from the 2023A bond. Furthermore, the 2022A police facility bond should be looked at to refinance as a more traditional GO bond once interest rates are more favorable, and lower the overall payment.

# **Enterprise Fund Debt**

The City also carries debt supported by the Enterprise Fund. This debt is supported though the fees charged for water and wastewater services and special assessments. The first table contains the water debt, and the second table is the sewer debt.

#### Water

Note	2024 Principal Payment	2024 Interest Payment	2024 Total	12/31/24 Principal Balance	Maturity

Total City Debt, represented by principal balance due, at the end of 2024 will be \$15,800,000. This was expected as additional street and utility projects are completed and with the construction of a new police facility.

The City monitors the call date for bond issues and evaluates if the resources allow the bond to be called e.g. paid off or if the bond should be refinanced. The determination to do either of these is based on available cash, estimated savings, and existing terms. The next bond likely to be considered for refinancing is the 2022A lease-revenue bond. The graph below shows the total debt.

# Capital Funds

# **Purpose**

Capital Funds are used to cover the cost of major capital projects such as equipment, construction and improvements to parks, streets, trails, and facilities. Dollars in a capital fund carry over from year to year and are dedicated to the specific fund purpose. There are two (2) components to the capital program. The first is the capital improvement plan and the second is the capital budget.

The capital improvement plan (CIP) is a document, or series of documents, outlining planned capital expenditures over the next five to 10 years. The plan helps guide the council in establishing the annual capital budget.

The city has an adopted CIP for streets and parks. Staff continue to work on refining the equipment plan and to keep costs down, began leasing through the state cooperative purchasing venture. The city is currently leasing 2 of the 3 squad cars and plans to lease a third.

The funding for capital funds comes from planned transfers from the General Fund. Additional funds may be moved to a capital fund if there are dollars left in a project fund at the close out of the project.

### **Current Status**

The City operates five (5) capital funds: Street Improvements, Park Improvements, Equipment, Municipal Facilities, and the newly created public safety fund, which is being capitalized using one-time funding from the State of Minnesota. The reason for creating these funds is to ensure dedicated dollars are available each year for these important functions. The table below shows the current balance, planned transfer, planned expenditures, and projected balance.

Fund	Est. 12/31/23 Balance	2024 Allocation	2024 Planned Expenditures	2024 Est. Balance
Parks	\$ 81,456	\$209,000	\$179,000	\$ 111,456
Streets	\$863,414	\$100,000	\$150,000	\$ 813,414

<b>Public Safety</b>	\$147,735	\$ 0.00	\$TBD	\$ TBD
General	(\$219,600)	\$219,600	\$ -	\$ 0.00
NET				1,236,948

#### PLANNED EXPENDITURES

#### **Street Program**

The city will complete the second of the planned street reconstruction projects in 2024 and begin planning for the next project planned for 2025. There is no planned chip seal project for 2024. The county is

planning to mill and overlay 1<sup>st</sup> Street and may do a "thin" overlay on Oak Ave SE east of the railroad tracks. This is a process where a 1" to and 1.5" of asphalt is placed over the existing surface.

## **Equipment Program**

There will be continued leasing of squad cars and a skid loader. There will also be a payment, beginning in 2025, for the new 1-ton vehicle for streets. The plow truck will have its final payment in 2024. Public works will begin to look at acquiring a new loader and snowblower in 2024.

### Park Program

The Park and Recreation Advisory Board completed a three-year (3) improvement plan. This will include planned removal and replacement of Ash trees in Northside and Memorial Parks. A grant of \$109,000 was secured to cover the majority of this project. Lighting will be improved for the volleyball and horseshoe area and added to the sledding hill. Bandshell improvements will begin, the backstop in Memorial Field will be replaced, and possible preparation for an archery range.

#### **Facilities**

Work will continue on planning for a new fire facility and improvements to City Hall.

# Enterprise Funds

# **Purpose**

Enterprise Funds are supported through user fees. The fee is broken into a base fee and usage fee. The base fee covers the capital assets (buildings, pipes, towers, etc.) and long-term debt. The usage fee covers the annual operating costs of the utility. Because these operations are supported by user fees, there is usually little to no impact on the levy.

# **Water Fund**

## **Purpose**

The water fund covers the costs to pump, treat, and distribute water to residents. The system consists of four wells, a 500,000-gallon water tower, several miles of water main and laterals, and a treatment plant. The water is treated to remove iron, radium, and manganese. The current hardness of the water is about 21 grains.

Two wells are located near the treatment plant and provide drinking water to the city. The other wells are backups in case there is a water main break or there is need for additional water pressure due to a structure fire. One well is located near the grain elevator; the other is in Northside Park.

The entire water system has the capacity to service the needs of the city for the next several years and is designed to be expanded as the population grows.

There is no need to adjust the rates for water service in 2024. Water rates will likely need to increase slightly over the next few years to account for added operational costs, and costs associated with street reconstruction.

There are no significant changes to the water operations for 2024. Staffing costs may increase slightly as employees obtain licensure and become eligible for a grade adjustment and subsequent increase in compensation. In addition, new software, including GIS, will be implemented in 2024 and a new vehicle will be added.

# **Sewer Fund**

# **Purpose**

This Fund covers the cost to collect and treat sewage waste generated by residents and businesses in the community.

The wastewater system consists of a pre-treatment plant (headworks), two oxidation ditches, two final clarifiers, digesters, and five reed beds. The system is fed by three "neighborhood" lift stations and main lift station. Waste travels though several miles of forced and gravity mains and service laterals.

Maintenance of the system includes regular cleaning of the mains, pulling pumps and mixers, emptying and cleaning the oxidation ditches, drawing down the digesters to clean and maintain, etc. General sewer pipe maintenance requires root removal, regular inspections of flow, and examination and maintenance of lift station pumps and components.

## **Budget Summary**

Sewer Fund Debt	\$ 203,954	\$ 224,296
TOTAL FUND 602 SEWER FUND	\$ 1,242,159	\$ 1,261,786
Operating surplus/(deficit)	\$ (211,159)	\$ (206,286)

The Sewer fund will be completing paying back the water fund dollars borrowed in 2024. A new software system will be implemented, along with the purchase of a truck. Additionally, the city will be looking to work with the engineer on finalizing the city's wastewater permit. Lastly, there will be work with Seneca related to discharge of chlorides.

## **Storm Water Fund**

## **Purpose**

The Storm Water Fund is designed to cover the repair, maintenance and construction of the city's storm water system. The system consists of several miles of pipe and ditches as well as catch basins to collect rainwater and discharge the runoff to a series of ponds and ditches. The city is responsible for one large ditch on the west side of town and one smaller segment of ditch on the east side of town. The storm water fund also provides for general education and street sweeping as part of the program.
